

Synchronized Reserve

Earn revenue for being available to use less energy on short notice when the grid is stressed.

When the grid is stressed due to an emergency like an unplanned generator outage or other unexpected spikes in demand, PJM can call on its synchronized reserves to quickly restore the balance between supply and demand.

Organizations like yours that participate in the Synchronized Reserve Program can earn money for being on-call to help the grid react to short-term disturbances.

PJM Synchronized Reserve Program Snapshot

Synchronized Reserve Program Parameters In the PJM Service Territory

Minimum Size	Minimum load reduction must be 100 kW (may be aggregated within a load zone).
Number & Duration of Events	Based on customer's accepted offers, which can be entered and modified via the CPower App. Maximum event period is 30 minutes.
Notification	At least 8 minutes prior to the event via phone and e-mail.
Compensation	Customers receive the Synchronized Reserve Market Clearing Price for all accepted offers.
Compliance	Required for events during all hours in which offers were accepted.
Settlements	60 days after end of each month.
Consequences of Non-Performance	Customer forfeits the SRMCP for the amount of non-compliance over the hours it was accepted for the event day. Customer incurs an additional revenue adjustment in the amount of the shortfall for previous 12 days or most recent event day, whichever is less.
Enrollment Deadline	No deadline.
Metering	Each account must have an approved CPower meter providing 1-minute data validated against the utility meter.

The Synchronized Reserve program relieves the grid during short term disturbances. Each hour, customers may offer a price at which they're willing to be available. If their offer is accepted, they receive at least their offer price, and must be on-call to curtail within 8 minutes of event notification. Curtailments occur unpredictably, and last 30 minutes or less.

Synchronized Reserve Pricing

Month	2020	2021	2022
JANUARY	\$303	\$1,576	\$5,730
FEBRUARY	\$295	\$1,311	\$2,218
