ConEd offers two types of demand response programs: Distribution Load Relief Program (DLRP) and Commercial System Relief Program (CSRP). Below are some of the important parameters for each program.

MINIMUM SIZE	CSRP and DLRP: 0.1 kw DLRP Only – **Beginning in 2021, separate weekday and weekend kW enrollments allowed. Weekend kW enrollment values must be at least 25% of weekday kW.
PARTICIPATION	Customer participates for summer season from May 1 through September 30
NUMBER & DURATION OF RESPONSE EVENTS	CSRP: Participants agree to provide the load reduction for a minimum of 4 hours. (Morning networks: 11AM-3PM; Day Networks: 2PM-6PM; Evening Networks: 4PM-8PM; Night Networks: 7PM-11PM) DLRP: Participants agree to provide the load reduction for a minimum of 4 hours. Customer can be called anytime from 6AM - 12AM
Dispatch Triggers	CSRP: 92% of day-ahead peak demand forecast compared to seasonal peak demand forecast. **Beginning in 2021, ConEd has the option to trigger mandatory events based upon a Temperature Variable of 84 degrees on a by-borough basis. DLRP: Triggered based upon Contingency or Immediate local distribution system issues that could result in a loss of service to 15k customers or a voltage reduction of 5% or more.
NOTIFICATION	CSRP: 21 hours advance notice and then up to 2 hours prior to the start of the event DLRP: Up to 2 hours prior to the start of the event for Contingency Events. No notice provided for Immediate Events called between 6PM-9PM (performance based upon best-performing hours before 12AM).
COMPENSATION	CSRP: Reservation (Capacity) Payments: \$6.00/kW-month (Staten Island & Westchester), \$18.00/kW-month (Bronx, Brooklyn, Manhattan, Queens). Energy Payments: \$1.00kWh. Bonus Payments: Additional \$5.00/kW-month if five or more events are called DLRP: Reservation (Capacity) Payments: \$18.00/kW-month (Tier I) or \$25.00/kW-month (Tier II). Energy Payments: \$1.00kWh. Bonus Payments: Additional \$5.00/kW-month if five or more events are called
BASELINE (CBL)	Customer Baseline Load (CBL): Average of the usage of each hourly interval of the top 5 days out of last 10 eligible weekdays.
SETTLEMENTS	Customers are paid seasonally their portion of the capacity or energy payments.
COMPLIANCE	Customers are required to curtail at least their committed load during events and test events.
CONSEQUENCES OF NON-PERFORMANCE	No penalty but de-rating applies for under-performance in DLRP tests or events with at least 2-hour notification. Performance of 25% or less of the enrolled amount will result in no payment.
TESTING	CSRP: A 1-hour test is called during each seasonal capability period if an event has not yet been called (notified similarly to an event). DLRP: A 2-hour test is called during each seasonal capability period if an event has not yet been called (notified similarly to a Contingency event).
ENROLLMENT DEADLINE	April 1st for May 1st start; May 1st for June 1st start. Accounts enrolled for May 1st may elect to reduce enrolled kW for June 1st if updated by May 1st.
METERING	Each account must have a 15-minute ConEd interval meter or AMI Smart Meter – provisional participation allowed if communications between utility and meter have not yet been established.
